THREE BELIEFS- A GUIDE FOR NEW HAMPSHIRE CATHOLICS ON END-OF-LIFE DECISIONS

Thursday, May 28th 7PM-8:30PM

Ste. Marie Church, Montminy Hall

What does the Catholic Church say about end of life care?

Why do I need a health care proxy?

What is considered ordinary care?

When may medical therapies, procedures, equipment and the like be withheld or withdrawn from a patient?

What can a person do to ensure that their wishes and their religious beliefs are respected by their family, medical personnel and the courts?

Marc Guillemette, Director Catholic Identity at Catholic Medical Center. Will discuss church teaching on the stewardship of life and making moral decision on medical treatment at the end of life.

The handout guide, Three Beliefs will provide forms and instructions, and there will be an opportunity for questions. For more information: Joan 487-2752

PEEKING INTO: Grade 4

I am so proud of our fourth grade! They did a fabulous job of predicting weather in their Science journals. It was great hearing these budding meteorologists explaining weather predictions to parents and family members during our Science Fair. The children have started a unit on "Earth's Changing Surface", studying the three types of rocks and bringing in some of their own. In this way our little geologists can match up the rocks with the charts they made with traits from each. In Math we are working on division. The students are enthusiastic about this concept and caught on quickly. Social Studies seems to be a favorite right now. The students are very interested in the history of our country. The focus of our current Reading text this month is the pioneers settling in the mid-west. I have been truly blessed to work with the children this year. They are tremendous! ***Mrs. Palanski***
