### FEBRUARY 22ND THE CHAIR OF ST. PETER THE APOSTLE PRAYER TO ST. PETER

O glorious St. Peter, who, in return for thy strong and generous faith, thy profound and sincere humility, and thy

burning love, wast rewarded by Jesus Christ with singular privileges, and in particular, with the leadership of the other Apostles and the primacy of the whole Church, of which thou wast made the foundation stone, do thou obtain for us the grace of a lively faith, that shall not fear to profess itself openly, in its entirety and in all of its manifestations, even to the shedding of blood, if occasion should demand it, and to sacrifice of life itself rather than surrender. Obtain for us likewise, a sincere loyalty to our holy mother, the Church; grant that we may ever remain most closely and sincerely united to the Roman Pontiff, who is the heir of thy faith and of thy authority, the one true, visible Head of the Catholic Church, that mystic ark outside of which there is no salvation.

Grant moreover, that we may follow, in all humility & meekness, her teaching and her advice, and may be obedient to all her precepts, in order to be able here on earth to enjoy a peace that is sure and undisturbed, and to attain one day in heaven to everlasting happiness.

Amen

## St. Anthony of Padua 2017 School News

### Peeking into Grade 5...

It's that time of the year when the fifth graders have been busy working on their experiments for their science fair projects. They need to develop experiments about their topic using the scientific method. Lots of interesting project ideas has been planned out over the past few weeks.

Throughout January they set up their science experiments. In February they have been completing their experiments, recording their results, creating graphs, and writing conclusions to their experiments. We can't wait to see the final results of all their hard work in April at the Science Fair.

The fifth graders have also been studying energy. They have learned about some of the energy that we use throughout the day. They have also learned about the difference between potential and kinetic energy and how roller coasters run on the transfer of these two energies. They loved singing and dancing to the song "Energy & Me" about these two types of energies.

In reading, the fifth graders have read many nonfiction stories about science topics such as oceans, wildfires, and planet earth. We have discussed how these stories are very different from fiction stories in that they are fact based. The students have also been working on the difference between facts and opinions.

They have finished their study on types of sentences- simple, compound, and complex and incorporated this knowledge by creating a flipbook story. These flipbook stories are on display in our classroom.

Wow! We have been doing lots of work in the fifth grade!

Miss Perry

### Ladies of St. Anne

Thank you to the Ladies of St. Anne for their generous donation. The donation was used to purchase items for each classroom. The teachers certainly appreciate your generosity and thoughtfulness.

## ARE YOU ALUMNI OF INFANT JESUS SCHOOL, NASHUA, NH?

Infant Jesus School in Nashua is looking to reconnect with those who have attended the school. We are working on creating an updated list of Alumni and would love to have you be a part of this. We are in the beginning stages of planning a reunion event for Alumni to come and reconnect with old friends, walk the halls of the school and reminisce and see what the school offers today.

If you would like to reconnect, there are two ways to do it. You can either email the school at [alumni@ijschool.org](mailto:alumni@ijschool.org) or you can call 889-2649 and provide your name, address and email information. Check out the school's website, [www.ijschool.org](http://www.ijschool.org) and check the school out on Facebook.
